

CAGE

design by Ferruccio Laviani

CAGE

design by Ferruccio Laviani

"Cage", una struttura preziosa e quasi eterea che accoglie, propone, sostiene e dispone volumi contenitivi organizzati in ante o cassetti. Il segno grafico che questo telaio disegna compenetrando il corpo della struttura in legno conferisce al mobile una ricchezza particolarmente sobria e raffinata.

Cage features a precious and almost ethereal structure, which holds storage units, endowed with doors and drawers. The distinctive feature created by the metal structure, which seems to enter the main wooden body, gives a particularly sober and refined look to the furniture item.

CURA E MANUTENZIONE DEL LEGNO

I legni utilizzati per i nostri prodotti sono di altissima qualità e lavorati con la massima maestria.

Le possibili differenze di tonalità o sfumature di colore sono da considerarsi caratteristiche naturali dei materiali e dimostrazione dell'artigianalità di lavorazione.

Per la pulizia quotidiana dei legni naturali, tinti e laccati, si consiglia di utilizzare un panno morbido o in microfibra, inumidito con acqua.

Non utilizzare prodotti spray, cere e prodotti che contengano alcool, solventi o abrasivi.

Pulire le macchie quando sono ancora fresche.

Tutti i prodotti sono realizzati nel rispetto dell'uomo e dell'ambiente.

CURA E MANUTENZIONE DEL METALLO

I metalli utilizzati per i nostri prodotti sono di altissima qualità.

Le possibili differenze di tonalità o sfumature di colore sono da considerarsi caratteristiche dei materiali e dimostrazione dell'artigianalità di lavorazione.

Per la pulizia quotidiana di parti in metallo, acciaio e ottone, si consiglia di utilizzare un panno morbido o in microfibra, inumidito con acqua o con detergenti appropriati.

Non utilizzare prodotti abrasivi o aggressivi.

Pulire le macchie quando sono ancora fresche.

CARE AND MAINTENANCE OF WOOD

The wood used for our products are of the highest quality and manufactured with the greatest craftsmanship.

Possible differences in colour tonality or shades are due to the natural characteristics of the materials and are to be considered as proof of artisanal workmanship.

For routine cleaning of natural, stained or lacquered wood, we suggest to use a soft or a microfiber cloth, dampened with water.

Never use spray products, wax or any product containing alcohol, solvent or abrasive.

Clean stains while they are still fresh.

All products are made with respect for the mankind and the environment.

CARE AND MAINTENANCE OF METAL

The metal used for our products are of the highest quality.

Possible differences in colour tonality or shades are due to the characteristics of the materials and are to be considered as proof of artisanal workmanship.

For routine cleaning of parts in metal, steel and brass, we suggest to use a soft or a microfiber cloth, dampened with water or with specific products.

Never use abrasive or aggressive cleansers.

Clean stains while they are still fresh.
