# CELTIC

design by Ferruccio Laviani

*Celtic è una famiglia di mobili che si sviluppa su due altezze e varie lunghezze.*

*Fortemente customizzabile, è caratterizzata da ante complanari o scorrevoli, la cui forza e unicità sono dichiarate dall'intreccio di pannelli in legno che, in maniera armoniosa, si alternano a profili orizzontali in ottone brunito.*

Celtic is a furniture collection articulated in two different heights and various lengths. Highly customizable, it features coplanar or sliding doors, whose main strength and uniqueness are represented by interwoven wooden panels, harmoniously alternating with horizontal profiles of burnished brass.
