FATTY

design by Ferruccio Laviani

Piano in forte spessore e gambe monolitiche, queste sono le principali caratteristiche del tavolo Fatty. Un nuovo modo di concepire il minimalismo non nell'esiguità della struttura ma nell'essenzialità e pulizia delle forme. Le curve che definiscono gambe e piano danno a questo oggetto un'armonia nuova ed inusuale.

Thick top and monolithic legs, these are the main characteristics of Fatty table. A new way to interpret minimalism, not intended as the scarceness of the structure, but rather as the essentiality and cleanliness of its lines. The curves that define the legs and the top give to the item a new and unusual harmony.

CURA E MANUTENZIONE DEL LEGNO

I legni utilizzati per i nostri prodotti sono di altissima qualità e lavorati con la massima maestria.

Le possibili differenze di tonalità o sfumature di colore sono da considerarsi caratteristiche naturali dei materiali e dimostrazione dell'artigianalità di lavorazione.

Per la pulizia quotidiana dei legni naturali, tinti e laccati, si consiglia di utilizzare un panno morbido o in microfibra, inumidito con acqua.

Non utilizzare prodotti spray, cere e prodotti che contengano alcool, solventi o abrasivi.

Pulire le macchie quando sono ancora fresche.

Tutti i prodotti sono realizzati nel rispetto dell'uomo e dell'ambiente.

CARE AND MAINTENANCE OF WOOD

The wood used for our products are of the highest quality and manufactured with the greatest craftsmanship.

Possible differences in colour tonality or shades are due to the natural characteristics of the materials and are to be considered as proof of artisanal workmanship.

For routine cleaning of natural, stained or lacquered wood, we suggest to use a soft or a microfiber cloth, dampened with water.

Never use spray products, wax or any product containing alcohol, solvent or abrasive.

Clean stains while they are still fresh.

All products are made with respect for the mankind and the environment.
