

Designer Giuseppe Bavuso, year 2019

A perfect piece of furniture to contain all that a bedroom can store: when it opens, it reveals not only the content, but also all its functionality: drawers, mirror and a storage compartment. Giano is a piece of furniture that reflects the past yet keeps its style very much in the present.

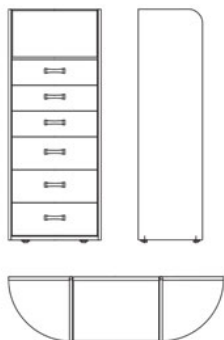

Giano Reel

Giano

Frame in heat-treated oak or in italian walnut. Top and drawers covered in hide with decorative stitching. Handles in hide and black satin nickel. Side doors in heat-treated oak or in italian walnut, equipped with a mirror and can be opened. Additional side storage compartments and hooks to hang belts.

Technical sheet
