

**Designer Giuseppe Bavuso, year 2022**

Colour, design and comfort in perfect harmony. The new Olimpia chair has a structure in cast aluminium painted, chromed or black nickel, and the steel shell covered in flexible cold polyurethane foam with polyester fibre lining. The cover can be in leather or fabric. The collection also includes the swivel version with central base in polished aluminium.

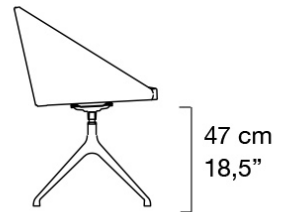

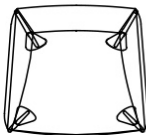

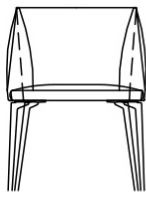

## **Olimpia**

Chair. Legs in painted or chrome-plated cast aluminium or black nickel or with central swivel base in polished aluminum. Steel shell upholstered in cold shaped polyurethane foam with polyester fiber lining. Leather or fabric covers.
