

Designer Giuseppe Bavuso, year 2022

Teseo is a table that ALIVAR offers in three versions: round, rectangular with rounded corners and oval. The model is designed to create social opportunities, breaking down distances and thus increasing sharing. The structure is in polished, painted or black nickel cast aluminium with a painted steel support frame. The top is available in heat-treated oak or black wedges, in canaletto walnut wood wedges, in marble or 5 mm thick ceramic coupled with extra clear transparent glass. In the oval version, the Teseo top is only available in marble or ceramic, 5 mm thick coupled with extra clear transparent glass. A furniture piece with an essential shape easily adaptable to different environmental styles.

Teseo

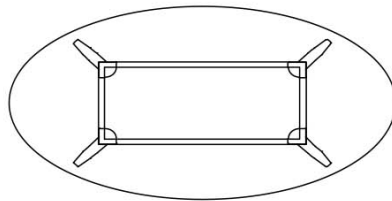

Legs in polished or painted cast aluminium or in black nickel. Support frame in painted steel. Top in heat-treated or black oak in segments, in canaletto walnut in segments, in marble or in ceramic 5 mm. thick coupled with extra clear transparent glass.
