# Venus

Designer: Marconato and Zappa

The Venus vanity is a functional freestanding piece of furniture with a metal structure and an original shaped top featuring uniquely rounded lines. Its range of accessories makes it highly practical: a make-up mirror and a handy storage compartment with a walnut lid, useful for storing jewellery

and small everyday items. The unique shape of the base structure, with part of the frame curved and set back, is surmounted by a considerably thick top consisting of a wooden frame with a ceramic top inside.
