

BONALDO

My way too

Softness and comfort are the main characteristics of the kitchen stool My way too. An element that catches the attention is the considerable padding of the body that wraps it in a precious shell. The My way too stool is available with fixed or swivel metal base while the seat and back are

covered in fabric, eco-leather or leather. The variety of finishes available for the base and for the covering allows ample freedom of customization for a close dialogue with the surrounding environment.
